LISD Alumni,

It's hard to believe that as we write this, the 2021-22 school year is coming to a close. The time has flown, but through all of the challenges, our district continues to prepare our students to thrive in a future they create.

We have seen our Alumni members roster increase but we still need your help in spreading the word! As you know, one of the many benefits to our Alumni Association is that we can show you ways to get involved or give back to our fine district.

For example, we have a need for some of our former students to come and speak to a select number of our student classes in the Fall. If this is something that you enjoy doing and might have the time, please let us know so we can get you more information.

Enclosed is our Spring issue of LISD's only school magazine, "The Loop". We hope you have an opportunity to review the exciting and encouraging articles that continue to show just how outstanding our district is, along with the achievements of our students. From all of us here at LISD, we thank you so much for your continued and loyal support, and we look forward to updating you once again with our summer release. And please remember to tell all of your LISD friends to join the LISD Alumni Association at lisd.net/alumni.
